PROCEDURAL Trays and Kits

Custom Procedural Trays

Asmoh USA INC procedural trays provide solutions with procedure specific products saving you time and creating cost efficiencies. Custom procedural trays are available, our account executive will work closely with you to create the perfect tray which meets your unique requirements. Ask you Asmoh USA INC account representative how best we can serve your facility's needs.

Pre-Connected Foley Catheter Tray
Tray Includes:

REF #	DESCRIPTION	PACKAGING
UR1414FT	• Latex Foley Catheter, 14/FR	10/CASE
UR1416FT	• Latex Foley Catheter, 16/FR	
UR1428FT	• Latex Foley Catheter, 18/FR	
	Include:	
	• 2000ml Urinary Drainage Bag with reflex valve and sampling port	
	• Towel/Underpad 18" x 17", paper/paper/poly, Blue	
	• PVC Powder Free Gloves, medium, with wallet (1pr)	
	• Specimen Container, 2OZ	
	• Lubricating Jelly 5g sachet, Apicare	
	• PVP Swabstick, 3pcs/pk, Apicare	
	Prefilled syringe with sterile water, 10cc	
	• Paper Box	
	• Compartmentalized Plastic Tray	
	• Paper Caution Label	
	• CSR Wrap 21" x 21", paper/poly/paper	

Tray Include:

- Preconnected 1000ml Collection Bag with and without
- 1000ml Graduated Tray with Tyvek Lid
- Towel/Underpad 18"*13" paper/paper/poly, white
- Fenestrated Drape 18"*13" paper/paper/poly, white
- PVC Gloves, transparent, medium, with sleeve 1Pr
- Lubricating Jelly 3g sachet, Apicare
- PVP Swabstik, 3ea/pk, Apicare
- Specimen Container 4OZ W/Lid
- Patient Label

Bulb Irrigation Tray Tray Includes:

REF #	DESCRIPTION	PACKAGING
URHT18	• Plastic Tray 800ml with Tyvek Lid • Towel/Underpad, 18" x 13", paper/paper/poly • Bulb Syringe 60cc with protective cap • Graduated Jar 500cc • Alcohol Prep Pad • Sterile	20/CASE

Piston Syringe Irrigation Tray Tray Includes:

REF #	DESCRIPTION	PACKAGING
URHT19	• Plastic Tray 800ml with Tyvek Lid • Towel/Underpad, 18" x 13", paper/paper/poly • Piston Syringe 60cc with protective cap • Graduated Jar 500cc • Alcohol Prep Pad • Sterile	20/CASE

Suture Removal Tray

Tray Includes:

REF #	DESCRIPTION	PACKAGING
OR4001	• Compartmentalized Plastic Tray with Tyvek lid • Gauze Sponge 3" x 3" • Alcohol Prep Pad • PVP Prep Pad • 4" Metal Thumb Forceps • 4.5" Metal Littauer Scissors • Sterile	50/CASE

Minor Laceration Tray

Tray Includes:

REF #	DESCRIPTION	PACKAGING
OR4004	• Compartmentalized Tray with Lid • Towel/Underpad, 26"*16", blue • Fenestrated Drape 26"*16", white • Absorbent Towel 18"*17", white • Gauze Sponge 4"*4"*8ply • Needle Holder Floor Grade, 5" • Tissue Forceps with Teeth Wire Grade, 5" • Sharp/Sharp Scissors Wire Grade, 4.5"	20/CASE

Enema Tray Includes:

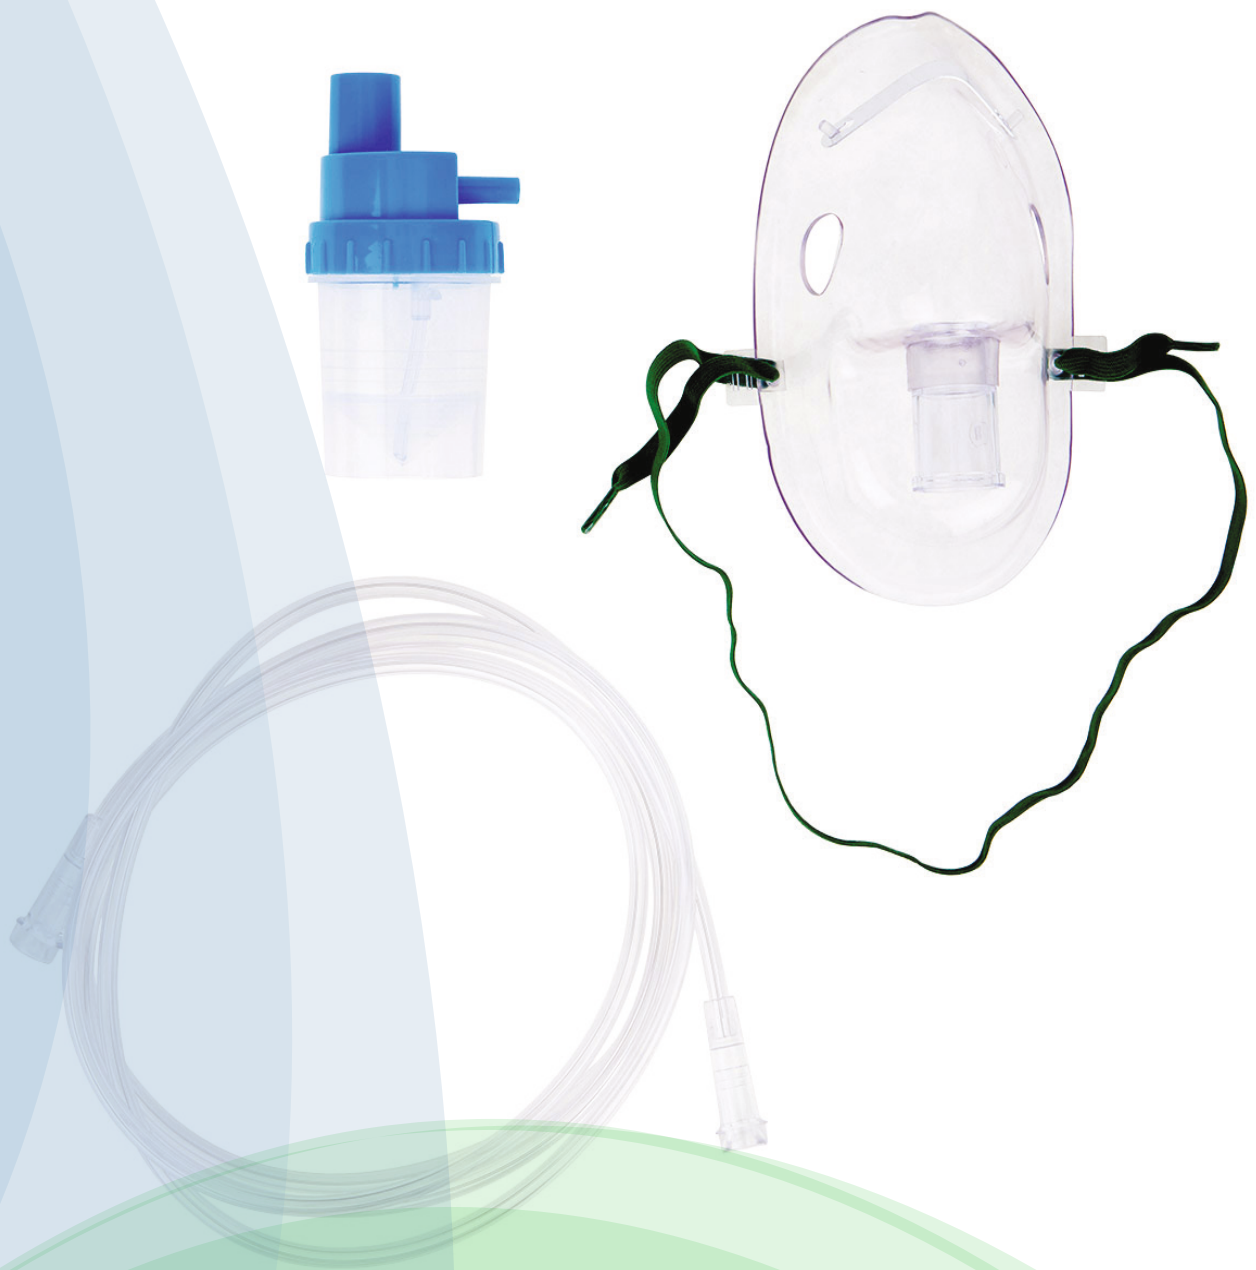

REF #	DESCRIPTION	PACKAGING
GE41001	• Underpad/Towel 18"*13", white • Castile Soap Packet • Enema bag with tubing 1500ml Bag • Polybag	48/CASE

REF #	DESCRIPTION	PACKAGING
GE41002	• Underpad/Towel 18"*13", white • Castile Soap Packet • Enema Bucket with tubing 1500ml Bucket • Polybag	50/CASE

Aerosol Therapy

Aerosol Nebulizer Kits

Aerosol Nebulizer Kits

Asmoh USA INC offers a complete range of Nebulizer kits that provides excellent patient outcome and assists healthcare facilities efficiency. Our products include nebulizers with multiple hose, connector and volume configurations as well as configurations which help patients experience a comfortable therapy session.

Nebulizer Kit with Aerosol Mask

- Under the chin designed for patient comfort
- Clear, soft vinyl
- Flow Rate 4-8/ lpm
- Extremely lightweight and flexible
- Adjustable nose clip
- Accepts 22mm ID aerosol tubing
- Easy Seal 6ml capacity spill proof jar
- Available with Standard and Universal Connector

Oxygen Masks

Asmoh USA INC has designed a complete range of oxygen masks to fulfill any clinical need. Our masks are soft, clear, light, odorless, made from high quality resins; the adjustable mask straps and nose clip create a better and more comfortable fit for the patient. Together with our innovative no-crush/non-kink oxygen tubing we created oxygen masks to meet all your clinical needs.

OxyOne Universal

High Concentration Oxygen Masks

- Clear, soft vinyl for patient comfort and visual assessment
- Adaptor swivels to accommodate patient position
- Adjustable nose clip assures comfortable fit
- 750-mL reservoir bag
- Complete with 7-ft standard oxygen supply tubing or No crush oxygen tubing
- With Standard or Universal connectors

Closed Safety IV Catheter System

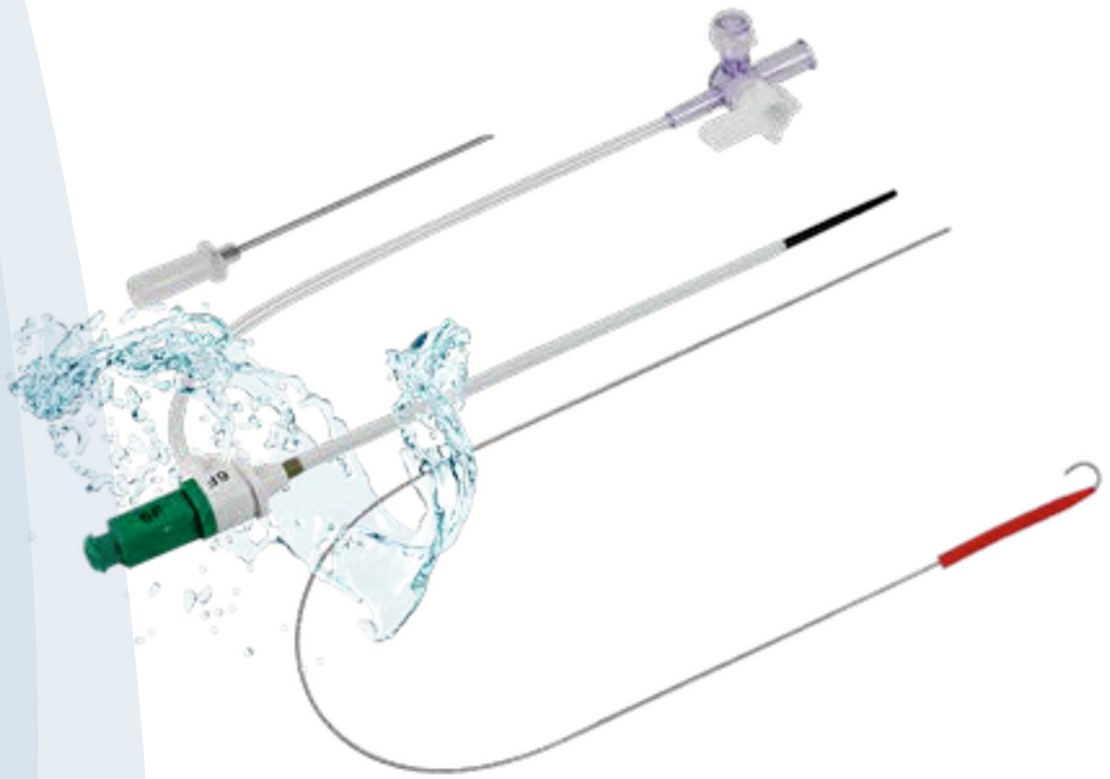

- Closed design, no blood exposure during IV cannulation and avoid blood origin infection.
- Needleless connection, realize transparent visualization and straight liquid pathway.
- Safety shield activates automatically to protect against needlestick injuries.
- Back-cut V shaped needle, make sure the first-insertion success with less tearing and fast healing.
- Double flashback technology improves the first-insertion success.
- PU catheter reducing the injury of blood vessels and lower the incidence of mechanical phlebitis.

Hydrophilic Guide Wire

- ▶ High quality niti core wire enables 1:1 torque control for better navigation and faster vessel selection.
- ▶ TPU jacket with tungsten providing excellent visibility under X-ray.
- ▶ Unique coating technology ensure a lubricant surface durable.

PTFE Guide Wire

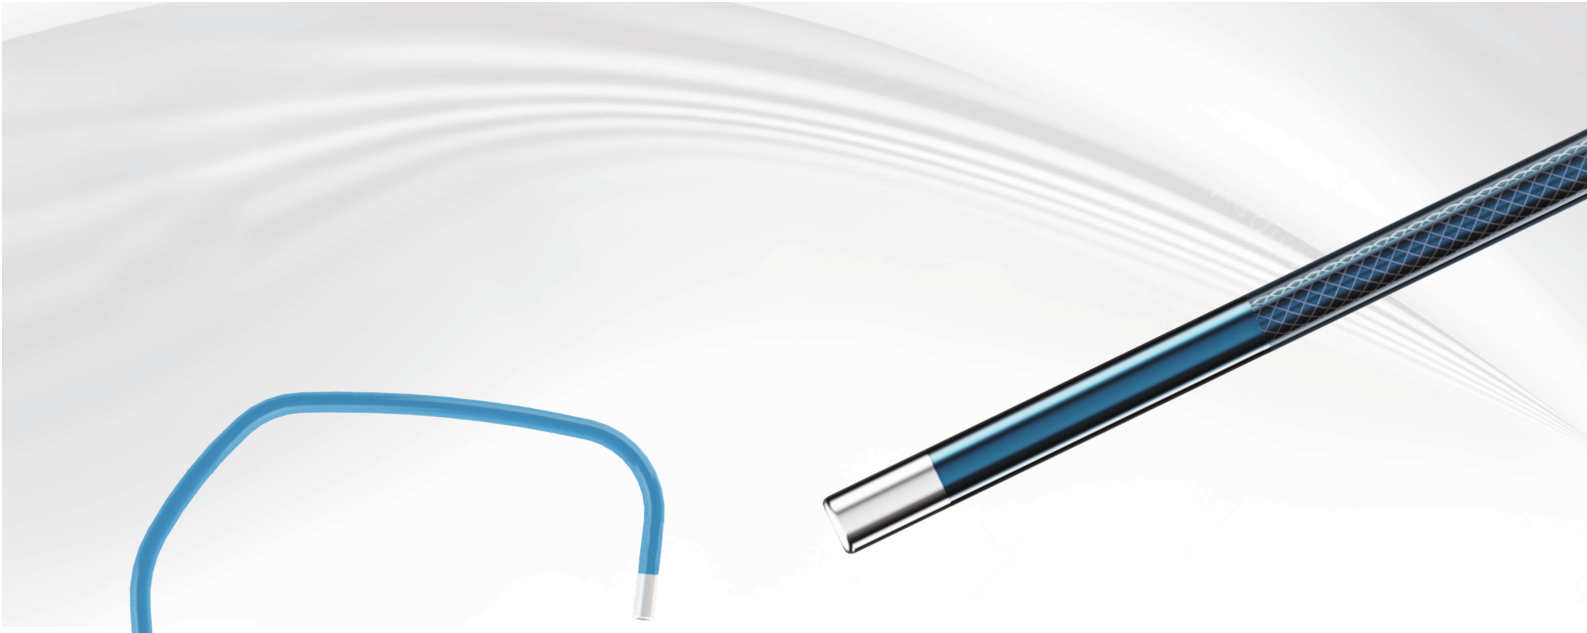

- ▶ Special designed dispenser to achieve easy flush
- ▶ High quality 304 stainless steel with PTFE coating
- ▶ J tip radius: 3mm

Angiography Catheter

Pebax and Stainless-Steel braiding

Provides outstanding pushability and crossability.

Double braiding with 32 strands

Designed to achieve 1:1 torque and for excellent support.

Soft tip

Reduces potential for vessel trauma.

Large inner lumen and ultra-thin wall

Ensures high flow rate of contrast medical.

Reinforced shaft

Can resist up to 1200psi pressure and maintain flexibility.

Inner Lumen Sizes

4F 0.042"(1.07mm)

5F 0.046"(1.17mm)

6F 0.054"(1.37mm)

7F 0.064"(1.62mm)

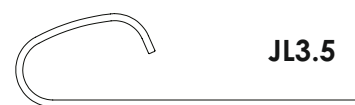

Color hub for easy identification

Maximum guidewire size: 0.038"/0.97mm

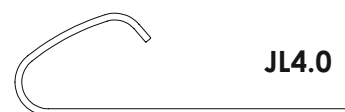

Maximum pressure: 1200psi/83bar

Inflation Device

Optimus is meticulously engineered as an inflation device to facilitate precise and controlled inflation processes.

Featuring a generous 20ml inflation capacity, it is versatile and applicable across various scenarios. Additionally, it comes equipped with a built-in pressure gauge for accurate monitoring and regulation of pressure throughout the inflation process

Features:

A generously sized and easily readable pressure gauge dial ensures swift and precise pressure readings, prioritizing safety and efficiency.

Engineered to withstand pressures of up to 30 ATM, this resilience guarantees both efficient and secure inflation processes.

The one-handed latch mechanism streamlines the device's locking process and pressure release, enhancing user convenience and efficiency.

(30 ATM Gauge)

(Side Button)

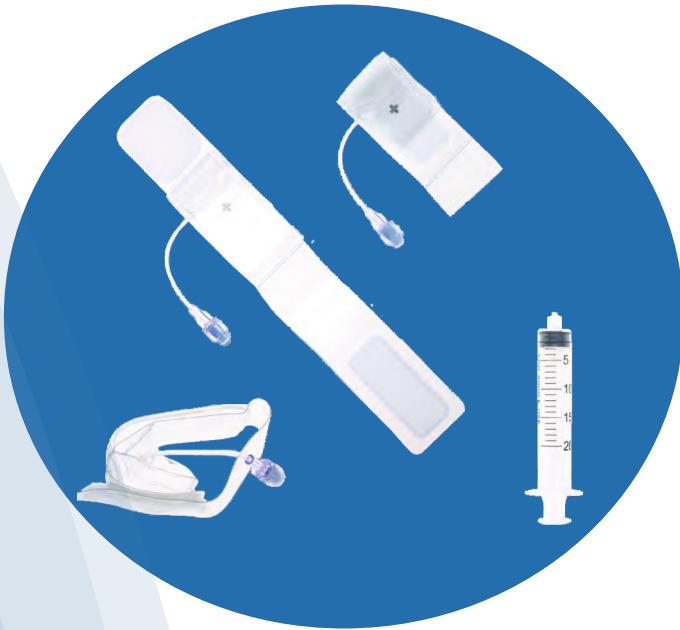

(handle)

Ordering Information:

Ref. No.	Description
ID30	20ml, 30atm, Yellow Piston, 500psi OFF stopcock

A stopcock is contained in each package.
Packaged 5 per box, and 5 boxes per case.

Radial Band

- Unique design prevent unintended movement of the bandage.
- Soft material fits well to patient's skin while easy to clean for the outer layer.
- Double balloon design to achieve better hemostatic effect.
- Puncture site visibility provided by transparent material.
- Standard luer lock connector, compatible with normal syringe.
- Two length available: 24cm,27cm.
- Include 20ML Syringe.

Ref. No.	Product Description
V-BRTB24	Transradial Band 240 mm
V-BRTB27	Transradial Band 270 mm

Manifold Kit

Features

- Manifold is designed with pre-Installed extension lines and infusion lines.
- 500 PSI
- Include Angiographic Syringe

Ref. No.	Product Description
V-SP3P	Manifold 3 Way
V-SP2P	Manifold 2 Way

Introducer Sheath

ITEM NAME	DESCRIPTION
V-COR6F35	Introducer Sheath 6F

Radial Compression Tourniquet

ITEM NAME	DESCRIPTION
V-CRCT21	Radial Compression Tourniquet 210mm
V-CRCT19	Radial Compression Tourniquet 190 mm
